

# FNvirtual. Stream stunning content. Captivate your community.

FNTECH is your one-stop shop for creating successful events — in-person, virtual, and everything in-between. We have more than 20 years' experience delivering on-point messaging in a clear and easily understandable way. Simply tell us what you want to share, and we'll show you dynamic, flexible solutions that fit YOUR specific needs.

## From pre-show buzz to post-show conversations, we have you covered.

Share promotions, videos, links and docs ahead of your live event. Allow participants to meet and greet, build a personal profile, and save earmarked content. Post event, conversations and session footage lives on creating longer-lasting impact.

## Stunning graphics at your fingertips!

Our creative design team would love to help custom tailor an environment that feels like home. From eye-catching lower thirds to integrated logos to sponsor/brand partner representation, we'll use the same voice, same energy, and same dedication to brand awesomeness as you do.

## Make our technology work for YOU.

### FNregistration

**Custom registration to make your life easier.**  
Use our streamlined and secure registration software or yours. We can easily integrate with all common event registration systems.

### FNmeeting

**Create your schedule in our program or yours.**  
Build your entire schedule using FNmeeting or let us establish a hearty handshake with almost any API out there, reducing duplication time and effort.

### FNstudios

**Capture content however you like.**  
Easily record your content from any URL-based video conferencing provider (Zoom, GoToMeeting, Cisco Webex, Bluejeans, etc.) or pop into one of our custom FNstudios and take advantage of your custom FNstudios and take advantage of your own professional production team.

**Then securely stream your sessions whenever and wherever you want.**

No matter how many sessions you have in your line up, FNTECH can seamlessly stream and save your content. Threaded chats and video on demand ensure your attendees will benefit even after the live show concludes.

### FNspeakermgmt

**Collect and review content to make sense for your program.**

Robust online tool that allows speakers to upload their own content, such as videos and presentation decks, and you to easily preview and approve decks prior to their release.

### FNsponsorservices

**Easily manage your sponsor or partner needs.**  
Sponsor management portal that allows your sponsors and partners to efficiently order services and upload media with a few easy clicks.

Let's get started today!

If you're looking to engage and inspire your audience, we have the right tools, talent, and tech to get you there.

For more info, hit us up at [govirtual@fntech.com](mailto:govirtual@fntech.com) or call **714.429.7833** to speak with a team member.

## Interact with ease.

Combine live sessions with audience Q&A's, personalized avatars, gamification, and more.

Receive notifications from others when they comment on your threaded chats.
