

Distributed Precise Cloud, Accelerating Industry Digital and Intelligent Transformation

Introduction of ZTE TECS Cloud Suite

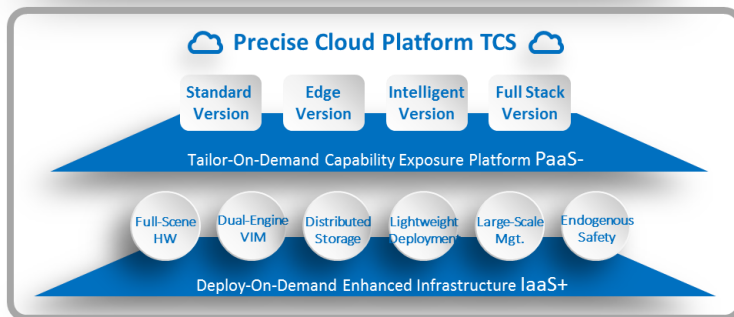

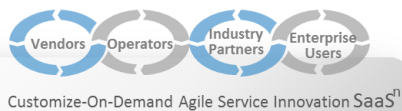

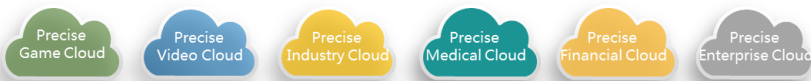

Leading 5G Innovations

Precise Cloud Platform Enlightening Agile Innovation

Distributed Precise Cloud, Accelerating Industry Digital and Intelligent Transformation

01

Tailor-Made, Deploy-On-Demand

Full Scene Deployment for Distributed Cloud, Flexible Combination of SW and HW

02

Lightweight Start, Low Cost Innovation

Ultra-lightweight Deployment for Edge Cloud
Low-Cost Innovation and Error-Trial

03

Sharing & Reusing, Rapid Innovation

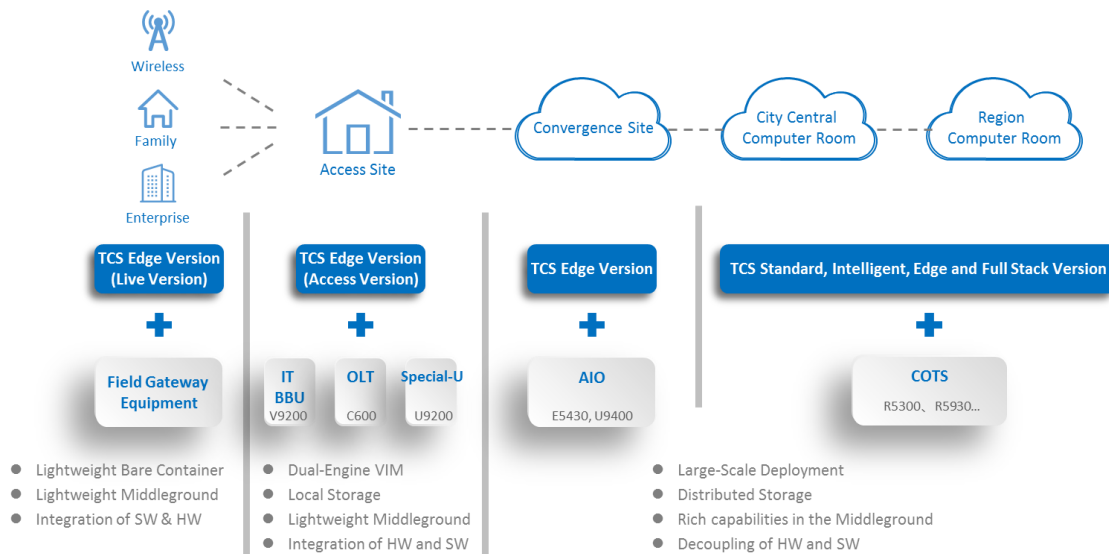

Homologous Technology Stack
Success in One DC, Rapid Innovation throughout the Whole Network

Cooperate with Various Industries , Help Operator Fully Open New Cloud Service Era

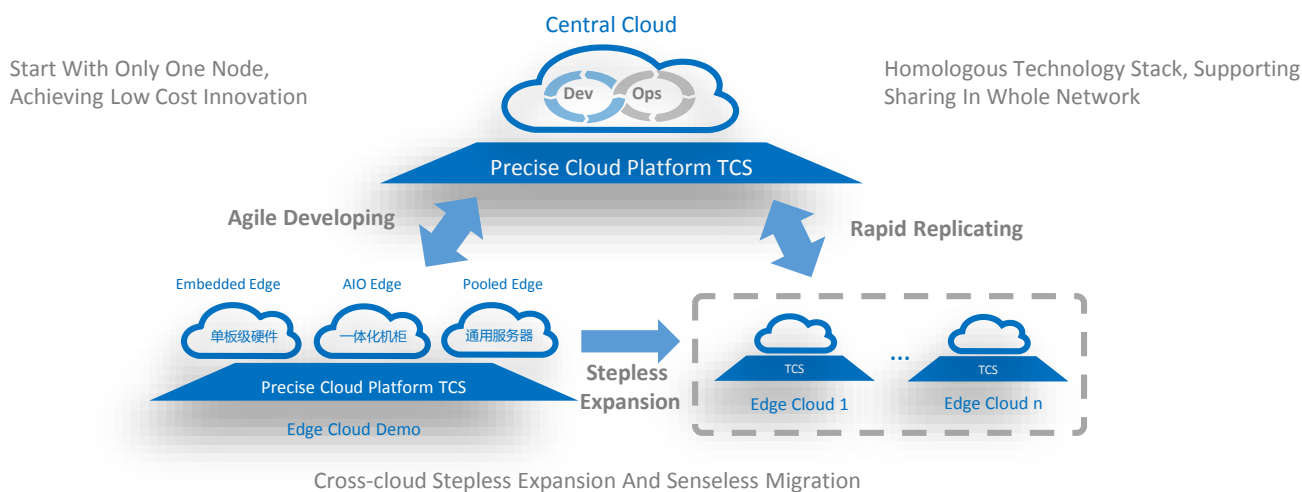

Precise Cloud Platform Enlightening Agile Innovation

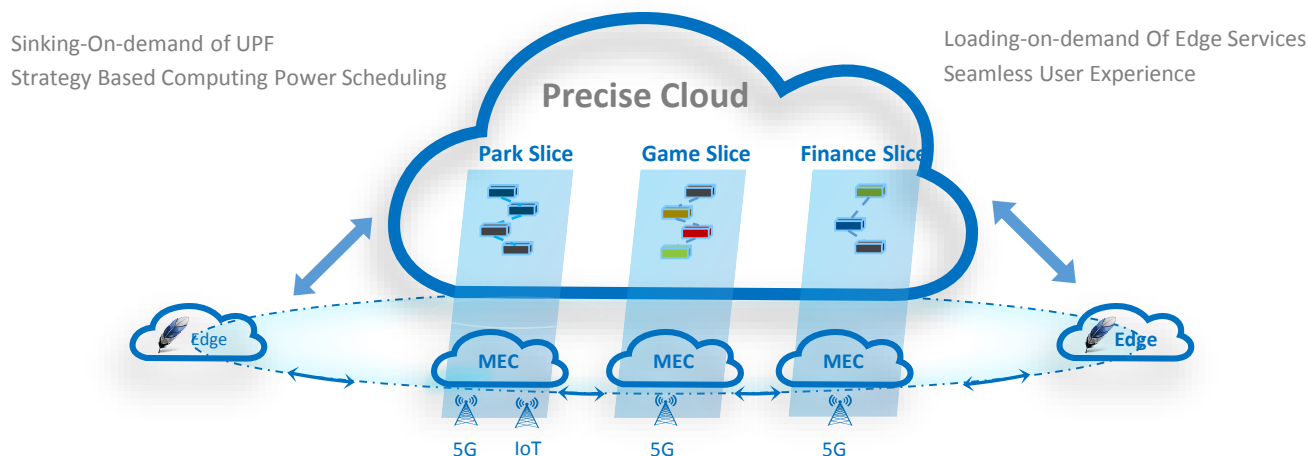

Full-Scene Deployment for Distributed Cloud, Flexible Combination of SW and HW

Agile Innovation, Lightweight Start, Rapid Replication throughout the Whole Network

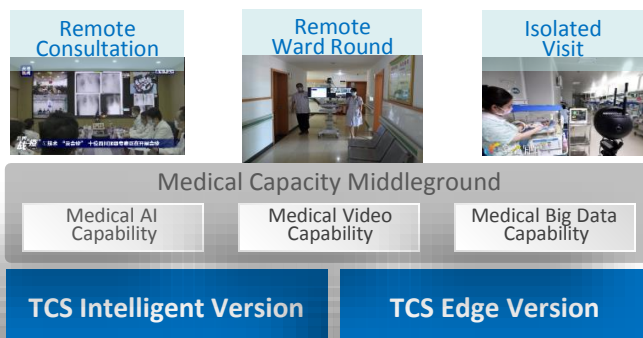

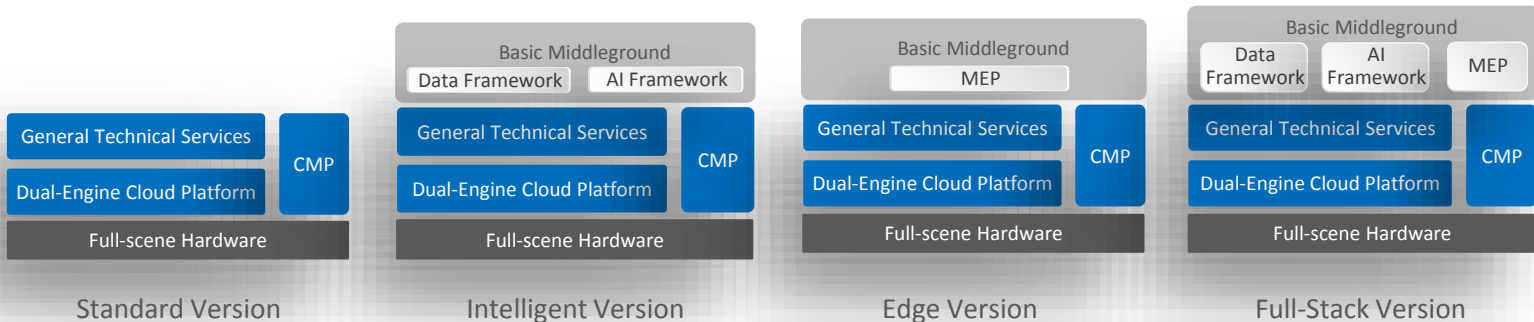

"Cloud + MEC + NS", Providing All-Round SLA Guarantee

Precise Cloud Platform Enlightening Agile Innovation

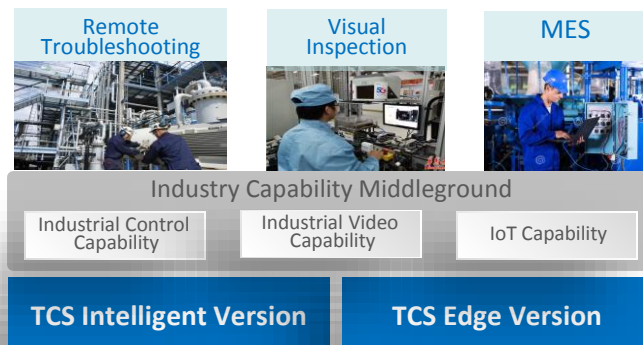

Tailor-Made, On-Demand Deployment Based On Industry Characteristics
